

# Should my student go to school today?

## Should my student go to school today?

- If your student is feeling ill and has a fever, your student should remain at home until they are fever free without medication.
- If your student is experiencing digestive issues or any physical ailment unaccompanied by other symptoms (fever), assess whether or not your student would benefit from a day of rest.
- If your child has a scheduled appointment outside of school, it is beneficial for them to attend school, even if only for a small amount of time, so that they can gather any makeup work.

If your student will be absent from school, please make contact with the main office at Big Island Elementary School at (434) 299-5863.
